This comes closest so far, but it really fails to capture the emotive and human. Published by Columbia Business School Publishing. Biblio is a marketplace for book collectors comprised of thousands of independent, professional booksellers, located all over the world, who list their books for sale online so that customers like you can find them! The book is simple to read and understand; plenty of illust As a former management consultant, my dominant thinking is left-brained, linear, and very structured.

My expectations for this book were quite high--I wanted the promised thinking are no discussion topics on this book .
