Husserl can thus be read or at least be rationally reconstructed as both an early direct reference theorist headword: singularity and a non-naive externalist about intentional content and respective meaning. Available in shop from just two hours, subject to availability. Burge also makes it clear that he regards the capacity for Consciousness reasoning to be a necessary condition of conceptual self-consciousness, since to master and self-ascribe psychological concepts such as belief, once must be able to recognise their role in reasoning, and so employ them Burge 97, n.
