The theory of multiple intelligences is sometimes cited as an example of pseudoscience because it lacks empirical evidence or falsifiability[50] though Gardner has argued. Read preview. ResourcesinyourlibraryResourcesinotherlibraries.NamespacesArticle
Other than gardening, his knowledge is derived entirely from what he sees on television. At present, however, it must be admitted that the selection or rejection of a candidate's intelligence is reminiscent more of an artistic judgment than of a scientific assessment. This ability was clearly of value in our evolutionary past as hunters, gatherers and farmers ; it continues to be central in such roles as botanist or chef.
